# SEYMOUR ORGANIC FERTILISER

## Providing quality Chicken manure to the Goulburn Valley

### WHY CHICKEN MANURE?

When it comes to manure there is none beneficial than chicken manure.

- It is high in nitrogen
- Contains a good amount of potassium
- Provides important balance of nutrients

### SEYMOUR ORGANIC FERTILISERS

We love seeing the changes on your property through the use of chicken manure and offer you:

- Reliable supply
- Quality manure
- Large quantities available

### QUALITY SOURCED

Manure is sourced from:

- Free range egg farms
- Fertile egg farms
- Broiler farms

### USING PETRIK WITH MANURE

Chicken manure is an ideal carrier for Petrik soil inoculants. Petrik can be sprayed over the chicken manure during spreading. The combination of chicken Petrik soil inoculants provides farmers significant productivity increases.
